

# VOLTANT

ENERGY

## Powering Tomorrow's Mobility End-to-End EPC & CPO Solutions for a Greener Future

Voltant Energy delivers reliable, scalable EV charging solutions across residential, commercial, and public sectors—ensuring top-tier safety, smart tech, and future-ready mobility.

## VOLTANT CPO MODEL HIGHLIGHTS

### Zero CAPEX model

Our Charge Point Operator (CPO) model is perfect for malls, hotels, offices, and public areas.

### FULLY MANAGED SOLUTION

We invest, install, and operate EV chargers—handling everything from design to maintenance.

### ZERO CAPITAL EXPENSE

No upfront costs for property owners, with a revenue-sharing model for passive income.

### ENHANCED PROPERTY VALUE

Attracts EV users, increases footfall, and supports sustainable, green mobility.
